RE: \_\_\_\_\_

\_\_\_\_\_ (Applicant), understands that this allows LTGCD to enter the property to inspect the well. That both the driller and the property owner affirm that the well penetration site meets the spacing requirements set by the District and the Texas Department of Licensing and Regulation, (TDLR) and will comply with the Lower Trinity Groundwater Conservation District's Management Plan and Rules.

\_\_\_\_\_ (Applicant), will comply with all well plugging guidelines and will report all well closures to the TCEQ and Lower Trinity Groundwater Conservation District.
